

STEPHEN MOORE PRINCIPAL

Stephen Moore is a Principal of Roberts Day and is the Studio Leader of the Sydney Office. With over 12 years experience as an Urban Designer, Town Planner and Landscape Designer, Stephen regularly leads the urban design, coding and implementation of the firm's major projects, including Regional Plans, Greenfield New Towns, Coastal Villages and Urban Infill. Through professional education, extensive travel throughout Europe and North America and on-going collaborations with designers from around the globe, Stephen has developed a unique and innovative approach to neighbourhood design. Many of these projects have been recognised by industry awards. In addition to leading the Sydney team, Stephen regularly lectures throughout Australia on design trends, marketing and development, and is regularly interviewed by the media.
